One Decentralized World

One Network in Decentralized World.

One Network
aims to be the
leading
subscription
service in crypto
world for
watching
movies, porn
and "news".

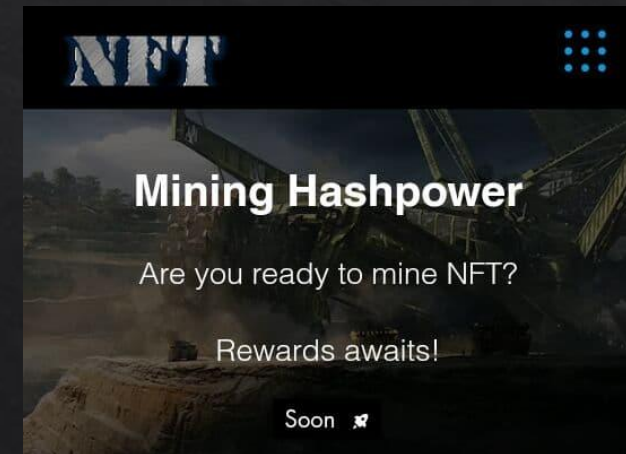

About One Network

Looking for some unique project that will entertain you and the same time you're investing on it?

We Offer:

1. OneFlix
2. OnePorn
3. OneNews
4. NFT #Hashpower

Good thing about One Network

- ◆ 1. You can browse videos available through our network.
- ◆ 2. Enjoy a safe watching experience.
- ◆ 3. More genre will be added. (Action, love story, meme etc.)
- ◆ 4. We will exclusively post some "porn" in a scheduled time.

In NEWS portion

1. It will be mainly on crypto currency.
2. Next will be promotions for crypto-related news.
3. Hot topics about the project.

* All subscription fee will be in 1NET tokens.

NFT Feature

- ◆ As part of growing finance in Crypto space. We will add NFT in our Network.
- ◆ This feature will be in a form of mining "Hashpower".
- ◆ It is a mining activity where you get 2% daily earnings from your total invested asset.

NFT #HASHPOWER MINING

- ◆ **Plan 1.**
- ◆ **Invest 100\$ worth of One Network tokens or eth and buy NFT.**
- ◆ **Once you've bought NFT, it will start to mine, all balances and earnings will be showed in dashboard. Withdrawal will be open per 15th day.**
- ◆ **Duration: 65 days only**
- ◆ **Plan 2**
- ◆ **More crypto choices.**

Does One Network goes DeFi?

◆ Soon, when we are ready. We will analyze it's ROI and revenue to ensure our One Network's capability and sustainability.

Decentralized
Finance

One Network will conduct a presale!

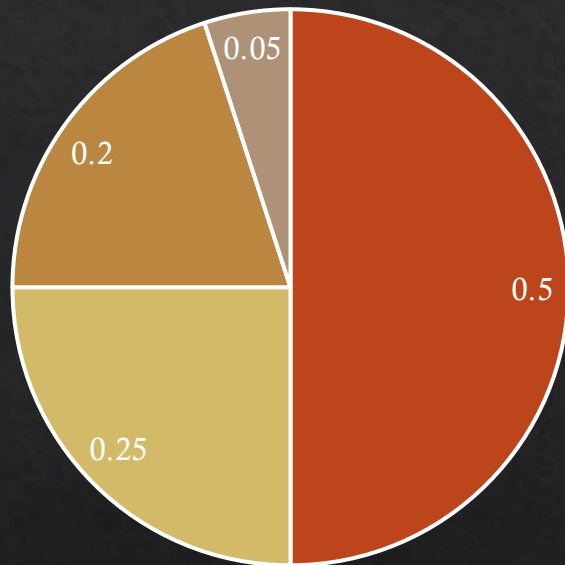

- ◆ This will ensure that we can deliver our platform and it's features orderly.
- ◆ Proper liquidity to decrease it's volatility.
- ◆ Good volume especially on market and also to our mining feature "Hashpower".
